

BASIC ANIMAL RESCUE TRAINING (BART)

Mission

Empower fire fighters and other first responders to be prepared and equipped to address pets and livestock encountered in emergencies and disasters. BART serves to honor the human-animal bond and preserve human health, safety and well-being.

PARTNERING IN PHILANTHROPY

Basic Animal Rescue Training (BART) is a 501(c)(3) nonprofit organization operated by volunteers in the veterinary profession and supported by community donations and grants, BART teaches first responders restraint and handling of pets, horses and livestock, as well as patient assessment/first aid and CPR for companion animals. Departments undergoing training receive an emergency medical kit that contains all the materials and supplies covered in the small animal course. BART has trained and equipped over 3,000 first responder personnel in Minnesota since Dr. Janet Olson founded BART in December of 2004.

To assist Basic Animal Rescue Training and further supplement your philanthropy campaign, please contact Dr. Janet Olson via information provided above in the Contact Information box. BART will also send you the BART logo to add to your philanthropy website. If you would like to contact BART via postal service, please fill out the information below.
